

JAWAKARA ISLANDS

JAWAKARA ISLANDS

ABOUT OUR COMPANY

Jawakara is the sixth Prodivers divecenter to be opened in the Maldives and the fifth one in the Lhaviyani Atoll. Our team at Jawakara offers diving and snorkelling activities tailored to all levels, from beginners to certified divers and from those who have never used snorkel gear before to seasoned snorkellers. Prodivers has operated in the Maldives and Lhaviyani Atoll for over 35 years and has explored every corner of this underwater paradise.

SCUBA DIVING

Daily trips and courses are available on request for both beginners and experienced divers. Diving around Jawakara is an exciting experience, as the Lhaviyani Atoll is home to an incredible variety of marine life. Jawakara itself is surrounded by a large lagoon, and beyond that lie reefs abundant with life. The top dive sites in the Lhaviyani Atoll include drop-offs, channels for those seeking big fish action, and overhang caves with dazzling schools of fish. All dive sites are accessible by boat within 30 minutes.

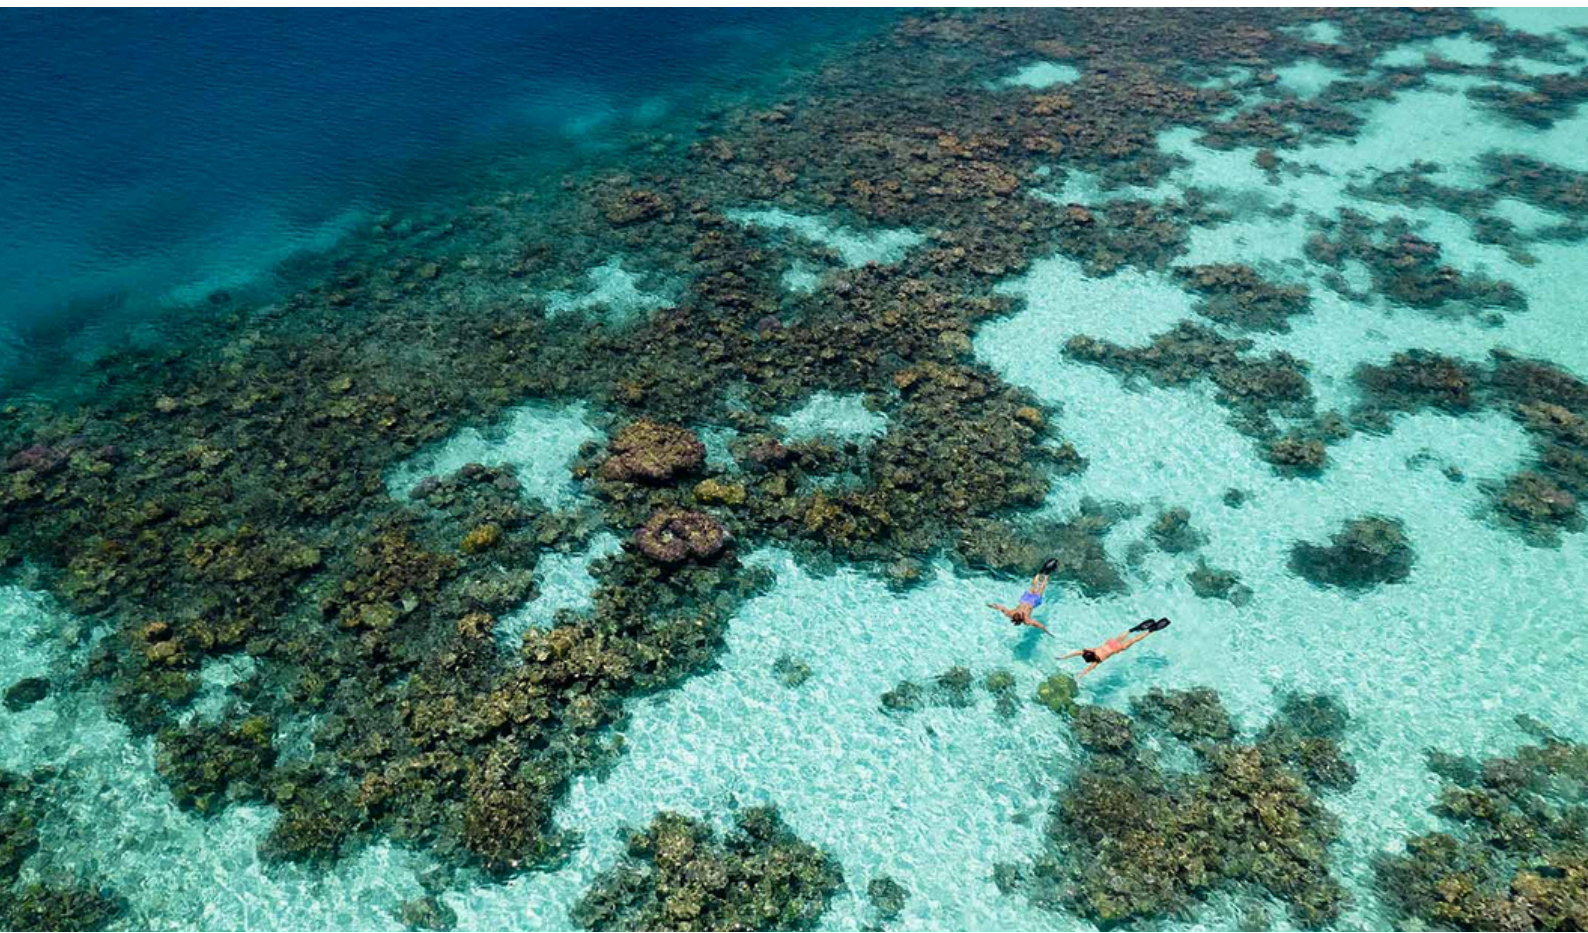

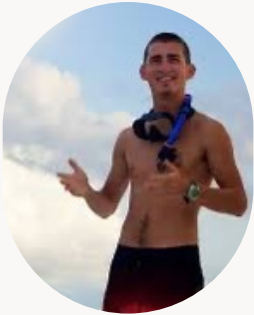

SNORKELLING

Jawakara Islands are perfectly situated for an amazing snorkelling adventure. Grab your fins, mask, and snorkel, and swim into the lagoon directly from the beach or your villa steps to discover a beautiful array of marine life. Jawakara boasts a seagrass lagoon filled with green sea turtles, stingrays, eagle rays, and schools of fish. Along the backside of the island, coral sections scattered throughout the water provide hiding spots for juvenile fish. Take a snorkelling boat trip and explore sites close to Jawakara, teeming with fish and coral life.
